

URBAN MYTHS

URBAN MYTHS

All of the following are urban myths and are NOT TRUE!

- Dogs & Cats should always have wet noses
- All ginger cats are male
- Putting butter on your cats paws to stop them running away after moving house
- Tortoises can survive on salad & veg
- Cats should be put out at night
- All hamsters are aggressive
- Snakes are slimy
- Cats have 9 lives
- Cats always land on their feet
- There is a 'flea' season
- Fish can't 'feel'
- Fish have a 3 second memory

- Scooting along the floor means your pet has worms
- Its right to always let your bitch have their first season
- Neutering a male dog changes their personality
- Spaying any animal means it will put on weight
